

ACS HIGH TEMP GRILL CLEANER

ACS HIGH TEMP GRILL CLEANER will cut back your flat-top grill downtime by enabling grill cleaning while hot, from 325°F to 475°F. Strip grease build-up in 1 minute, and ensure fresh use without rinsing.

DIRECTIONS FOR USE

Directions for Use:

1. Turn off grill & empty grease troughs and pans. Scrape off loose burned soils.
2. While grill is hot (325°F-475°F), spread thin coat over grill surface and let set for 1 minute.
3. Gently scrub grill surface. Reapply as needed to liquify all soils.
4. Squeegee solution off grill into grease trough and wipe surface with a damp cloth.
5. Re-season grill with thin coat of fresh oil.
6. Clean grease trough with degreaser before replacing.
7. Clean outer grill areas with degreaser, avoiding grill surface.

**Please consult your ACS sales Representative or call 1-800-889-3489 for additional use directions.*
