

## SOLID BRILLIANT

### Solid Flatware Presoak

Solid Brilliant is an encapsulated flatware presoak made to be dispensed only from specific equipment. This easy to use concentrated product prevents waste as it makes utensils shine.

#### DIRECTIONS FOR USE

Directions: This product should be dispensed only from equipment designed specifically to handle solid capsule detergents. Make sure water spray is not engaged when placing jar into dispenser. Your service technician will set your dispenser to yield the proper amount of detergent solution into the soak pan. Fill the remainder of the soak pan with warm water. Place flatware into pan and allow to soak until soils have been loosened. For pots and pans that require extra soaking. Direct detergent solution into sink and fill with warm to hot water. Place pots and pans into sink and allow to soak until the soils can be easily removed.

*\*Please consult your ACS sales Representative or call 1-800-889-3489 for additional use directions.*
